TO WHOM IT MAY CONCERN

RE: Ms. Nisreen Tashkandy

It is with great pleasure that I write on behalf of Ms. Tashkandy. I have known Nisreen for about 3 years while studying towards her PhD degree in the Department of Biochemistry, at King's College London. As part of her training, Nisreen demonstrated for undergraduate practical classes. During practical sessions that I supervised, Nisreen showed her great ability to teach and communicate scientific knowledge to the students.

Nisreen is able, interesting and genuine scientist who always showed interest in science. I have no hesitation in recommending her for a teaching position.

If further information is required please do not hesitate to contact me

Yours faithfully

Dr. M.A. Halablab
